

Dear Friend,

There has been a lot of interest in Jeffrey Richter's Power Threading Library lately and we are proud to now offer it with the license shown below. Some people have expressed desire for a purchasable license allowing the ability to view/modify the source code. We are happy to announce that these licenses can become available and will be handled on a case-by-case basis. For more information about a source code license, contact Jeffrey Richter at JeffreyR@Wintellect.com.

In addition, support for the Power Threading Library will be made available through Wintellect. If you desire support, please see this web page: <http://wintellect.com/ConsultingandDebugging.aspx>. You can also contact Jeffrey Richter at the e-mail address shown above.

WIntellect Power Threading Software License

Terms

These license terms are an agreement between Wintellect LLP and you. Please read them. They apply to the software named above, which includes the media on which you received it, if any. The terms also apply to any Wintellect updates, supplements, Internet-based services, and support services for this software, unless other terms accompany those items. If so, those terms apply.

By using the software, you accept these terms. If you do not accept them, do not use the software.

If you comply with these license terms, you have the rights below.

1. **INSTALLATION AND USE RIGHTS.** You may install and use any number of copies of the software on your devices.
2. **SCOPE OF LICENSE.** The software is licensed, not sold. This agreement only gives you some rights to use the software. Wintellect reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not:
 - Use the software on any non-Microsoft produced platform. For the purposes of this agreement, Silverlight *is* considered a Microsoft platform even when running on a non-Microsoft operating system, such as Mac OS. [For the curious, the reason for this is because I sold the patent rights to an idea I had to Microsoft. In return, I negotiated a license with Microsoft that allows people to use this patent invention for free as long as the use of the code is on a Microsoft produced platform.]
 - Work around any technical limitations in the binary versions of the software;
 - Reverse engineer, decompile or disassemble the binary versions of the software, except and only to the extent that applicable law expressly permits, despite this limitation;
 - Make more copies of the software than specified in this agreement or allowed by applicable law, despite this limitation;
 - Publish the software for others to copy;
 - Rent, lease or lend the software;
 - Transfer the software or this agreement to any third party; or
3. **DISTRIBUTION RIGHTS AND RESTRICTIONS.** The Wintellect.Threading.* DLL and PDB files (referred to as the "Distributable Code") are the only files included in the Power Threading Library that you may redistribute. The Distributable Code must be used in object code form. Before you redistribute the Distributable Code, you must:
 - Add significant primary functionality to your programs that use the Distributable Code;

- Display your valid copyright notice on your programs;
- Indemnify, defend, and hold harmless Wintellect from any claims, including attorney's fees, related to the distribution or use of your programs;

If you distribute the Distributable Code or any derivative works of the Distributable Code, you will distribute them pursuant to an end user license agreement with terms that protect us at least as much as this agreement. For example, your program can distribute the Wintellect.Threading.dll and use it only if your program runs on a Microsoft produced platform; your application cannot execute the code inside the Wintellect.Threading.dll when running on a non-Microsoft produced platform.

Also, when you redistribute the Distributable Code, you must not:

- Alter any copyright, trademark or patent notice in the Distributable Code;
 - Use Wintellect's trademarks in your programs' names or in a way that suggests your programs come from or are endorsed by Wintellect;
 - Include Distributable Code in malicious, deceptive or unlawful programs; or
 - Modify or distribute the source code of any Distributable Code so that any part of it becomes subject to an Excluded License. An Excluded License is one that requires, as a condition of use, modification or distribution, that the code be disclosed or distributed in source code form; or others have the right to modify it.
4. **FEEDBACK.** If you give feedback about the software to Wintellect, you give to Wintellect, without charge, the right to use, share and commercialize your feedback in any way and for any purpose. You also give to third parties, without charge, any patent rights needed for their products, technologies and services to use or interface with any specific parts of a Wintellect software or service that includes the feedback. You will not give feedback that is subject to a license that requires Wintellect to license its software or documentation to third parties because we include your feedback in them. These rights survive this agreement.
 5. **DOCUMENTATION.** Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes.
 6. **EXPORT RESTRICTIONS.** The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use.
 7. **SUPPORT SERVICES.** Because this software is "as is," we may not provide free support services for it. However, you can contact Wintellect to purchase support services.
 8. **ENTIRE AGREEMENT.** This agreement, and the terms for supplements, updates, Internet-based services and support services that you use, are the entire agreement for the software and support services.
 9. **APPLICABLE LAW.**
 - a. **United States.** If you acquired the software in the United States, Tennessee state law governs the interpretation of this agreement and applies to claims for breach of it,

regardless of conflict of laws principles. The laws of the state where you live govern all other claims, including claims under state consumer protection laws, unfair competition laws, and in tort.

- b. Outside the United States. If you acquired the software in any other country, the laws of that country apply.

10. LEGAL EFFECT. This agreement describes certain legal rights. You may have other rights under the laws of your country. You may also have rights with respect to the party from whom you acquired the software. This agreement does not change your rights under the laws of your country if the laws of your country do not permit it to do so.

11. DISCLAIMER OF WARRANTY. THE SOFTWARE IS LICENSED "AS-IS." PERFORMANCE OF THE SOFTWARE WILL VARY DEPENDING UPON HARDWARE PLATFORM, SOFTWARE INTERACTIONS, AND THE SOFTWARE'S CONFIGURATION. THE SOFTWARE MAY HAVE BUGS. YOU BEAR THE ENTIRE RISK OF USING IT AND/OR DISTRIBUTING THE DISTRIBUTABLE CODE. WINTELLECT GIVES NO EXPRESS WARRANTIES, GUARANTEES OR CONDITIONS. YOU MAY HAVE ADDITIONAL CONSUMER RIGHTS UNDER YOUR LOCAL LAWS WHICH THIS AGREEMENT CANNOT CHANGE. TO THE EXTENT PERMITTED UNDER YOUR LOCAL LAWS, WINTELLECT EXCLUDES THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

12. LIMITATION ON AND EXCLUSION OF REMEDIES AND DAMAGES. YOU CAN RECOVER FROM WINTELLECT AND ITS SUPPLIERS ONLY DIRECT DAMAGES UP TO U.S. \$5.00. YOU CANNOT RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES.

This limitation applies to

- Anything related to the software, services, content (including code) on third party Internet sites, or third party programs; and
- Claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law.

It also applies even if Wintellect knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your country may not allow the exclusion or limitation of incidental, consequential or other damages.
