Getting Started with Firefox

Here are a few of our favorite sites, add-ons and Firefox tips to help you get started. Enjoy!

[Work](#)

[Learn](#)

[Play](#)

[Connect](#)

Some of Our Favorite Sites

[Google Docs](#)

This web-based service lets you and your collaborators create and edit documents online.

[Remember the Milk](#)

Are you a list maker? If so, check out this free service for managing your to-do lists.

[LinkedIn](#)

A networking tool that strengthens your existing professional contacts and helps you make new ones.

Firefox Tip

Don't get bogged down worrying about your spelling— Firefox's built-in spellchecker will do it for you.

Try this Add-on

[Clipmarks Add-on](#)

Instead of bookmarking entire pages, you can clip, save and share just your favorite parts for quick future reference.

Some of Our Favorite Sites

[Wikipedia](#)

Millions of articles are at your fingertips with this free, user-created encyclopedia.

[Topix](#)

News from thousands of sources is aggregated on this community-powered site.

[HowStuffWorks.com](#)

Curious about anything and everything? Now you'll finally know.

Firefox Tip

Make sure you find what you need – add your favorite search engines to the Firefox search bar.

Try this Add-on

[Answers Add-on](#)

Point and click on any word on the screen to get the info you're looking for.

Some of Our Favorite Sites

[YouTube](#)

Watch millions of videos from around the world, plus upload and share your own.

[Hype Machine](#)

Discover, listen to and buy music discussed on the best MP3 blogs.

[Miro](#)

A free, open source Internet TV and video player.

Firefox Tip

Use the Add-ons Manager to discover more ways to customize Firefox exactly the way you want it.

Try this Add-on

[PicLens Add-on](#)

Turns your browser into a full-screen interactive experience for viewing images online.

Some of Our Favorite Sites

craigslist

[craigslist](#)

Comprehensive local classifieds and forums for hundreds of cities worldwide.

[Yelp](#)

Community-powered reviews of your local restaurants, shops and just about everything else.

[Facebook](#)

A social networking site to help you stay connected with friends anywhere.

Firefox Tip

Stay up-to-date on what your friends are up to by subscribing to the Web Feeds on their sites.

Try this Add-on
